

OCCUPIED: How a Republican Cabal and a Compromised Church Has Stalelated Montana! (Update1)

Republican Party

To the Highest Bidder

A Clarion call to demand Integrity from Leadership!

(As your watching the Republican Pep Railey in Milwaukee, read this and think about what *We the People* have lost – i.e. see page 5!)

Dick Pence – Coordinator, Big Sky Worldview Forum

My Premise:

I am finishing this shortly after the sobering attempted assassination of Donald J. Trump. Sometimes, at moments like these, people realize “*the time for amusement is on hold.*” In Montana (and beyond) **we have come under the Political Occupations of a cabal** – a small elitist group that controls much of our political voice. Have we lost all **virtue**? Several of these men claim to be Christians, but their activities are devious and dishonest. **It’s time** that “we the people” STOP our pragmatism, act on principle and confront them. **It’s time** we call this **the sin that it is!**

At the same time, the voice of TRUTH (John 18:37) has been SILENTCED by an elitist class of spiritual leaders that OCCUPY us spiritually. Together, these seemingly strange bed fellows have SILENCED the voices of the people. Actions beneficial to *we the people* in both governmental and spiritual issues is in a chess-like **Check-Mate**. However, and importantly, **we the people are even more to blame**. **WE** have cowardicely and safely maintained SILENCE and allowed this to happen. **WE** continue to VOTE for compromised politicians. **WE** continue to SUPPORT churches that, I will argue, are worse than the same-sex affirming

churches! **Will WE continue to be OCCUPIED** by these two groups of integrity-less leaders? OR will we form new organizations and relationships? Will *pragmatism* continue to rule over principle? The future of our State (and America) is **in our hands** – nobody else is going to reverse this.

Part 1 - The Vulnerability of a Vision-less Electorate:

Proverbs 29:17 is a thought-provoking. **“Where there is no vision (direction or revelation), the people perish or cast-off restraint.”** The picture is that of a river or stream with no banks to direct it. This Proverb begs the question... “are we a people of vision, do ‘we the people’ know where we are going? **Apathy and ignorance** are a threat to our future. What will we do, how will we respond?

Not so with the Elitist group – they know *exactly* where they are leading us and they have no interest in what the people think. **NONE!** Their arrogance is stunning. Any vision but their own is irrelevant if not destructive to their cause. Let’s take a look at this group and their actions.

The Elitists in Montana:

The last two Republican Primaries are *screaming* at *we the people* to stand up and say NO MORE, NEVER AGAIN! In 2022, this group boldly took down Dr. Albert Olszewski as he ran against now congressman Ryan Zinke. In 2024, this same group took down Congressman Matt Rosendale. Now they are promoting a man for Senate with no governing experience, confident that he will march in lock-step with them. And after that, what’s next? **Because of our SILENCE**, they will do it again! And who is this elitist cabal? Senator Steve Daines, Governor Greg Gianforte, Ryan Zinke, some in the Media (all Republicans) – trusting that they can mentor Tim Sheehy into their fold.

Now, we are being asked to support Tim Sheehy over Jon Tester. The question I will ask *WE the people* is this. **At what cost – what will be the price – what must we compromise? Will we continue to succumb to the *pragmatism over principle offering - again?*** And, equally as important, how has this been orchestrated and who are the players? Because... this will only embolden them to “do it again.”

Brad Johnson, a former Secretary of State and former chair of the Public Service Commission also ran in the Senate primary. The state GOP, this Cabal, and Republican Central Committees in Gallatin and Yellowstone shut him out. **Get your**

head out of the bucket Montana – the point is NOT how good or bad Johnson is. The point is are we going to have Primaries where *we the people* hear the candidates and make a decision? Or – are they going to be selected for us ahead of time by the likes of Mitch McConnell, Kevin McCarthy, Steve Daines, Greg Gianforte and Ryan Zinke, Central Committees and the Montana GOP? That is the bottom line!

When Elitists Chose for Us:

Dr. Albert Olszewski vs. Ryan Zinke:

When Ryan Zinke ran for Congress in 2022, he had [so much baggage](#) (p.3-4 – all documentable) that a sixteen-wheeler couldn't carry it all. His voting record in the Montana legislature was not conservative. The Democrats gave Ryan an award for voting with them more than ANY other Republican. He voted AGAINST protecting unborn human life, the personhood amendment, clarifying that abortion was not in the MT constitution. He was friendly towards amnesty, against Voter ID – and the list went on. He was not a Montana resident – his residence was a resident of Santa Barbara, California, but he was lured back to Montana to run for congress again. He had been shamed out of the Trump cabinet for dishonest dealings while he was a Navy Seal, even the Seal groups distanced themselves from him. But for the [Elitist Four Horsemen of the Montana Republican Party](#), he was their perfect choice. He would conform, he was not a principled person, and he had the right vintage, after-all, he was a Navy Seal. The powerful influence of Senator Steve Daines, Governor Greg Gianforte, and certain media forces (on state-wide radio) denied, denied, and denied any of the truth about his situation. They also quietly encouraged other candidates to enter the primary. One of those got over 9,000 votes – Zinke beat Olszewski by about 2,000 votes. When it appeared Olszewski might win – he was up by 3 points in the poles - Kevin McCarthy's group made a visit to the Flathead to visit with Olszewski – see if he was conformable and transactional – i.e. you do this for us, we will support you. But Albert said no thank you! So, they told him to get out of the race and began to campaign against him. During the last 8 days, Daines's PAC (**More Jobs, Less Government**) and friends **spent \$800K**, doing last minute calls, calling him a liar – and get this – saying he had exaggerated his military experience. He spent 13 years as an Air Force Flight surgeon. That's rich considering that Sheehy and

Zinke's sole campaign pitch was/is that they are Navy Seals. In the end, the messaging from these powerful elitists was successful in targeting Olszewski and helping Zinke win by the narrowest of margins. **But we the people let them get away with it so they DID IT AGAIN!**

Congressman Matt Rosendale vs. the Elitists, **the Establishment, and the Montana GOP:**

So, like all nefarious factions, when they got away with it - when we the people did not say enough to stop them - **they just did it again in 2024**. But this time, they expanded their reach. First, they had to somehow convince Ryan Zinke not to run for Senate against Tester – what they offered is an interesting question yet to be discovered. [Meanwhile Senator Daines began working with Mitch McConnell](#) (who he is also ambitious to replace when the time comes) with his National Senatorial Committee and Kevin McCarthy to **tell Montana who their senate candidate would be**.

Stop for a minute and think about that – they clearly told us who THEY would allow us to vote for the United States Senate seat in Montana. How? As we will see, by eliminating the competition. I have elaborated that [here](#) and others have also in [The Return of the Party Boss, How Montana's Daines took Charge of GOP primaries](#). If that does not bother you, I am speechless!

“To hell with primaries, we know what we want” was the obvious battle cry of these Establishment Elitists. **Let me be very clear**, this was orchestrated by Senator Steve Daines, this is about Daines much more than Sheehy but Entitled-Tim went along with it. They had to have another purist-elitist and they found him. Earlier, Daines had said [“We need millionaires to run for Senate that can finance their own campaigns.”](#) Tim [Sheehy was the perfect entitled](#), elitist, narcissist that was from the right heritage and fit their group perfectly. Daines reassured Montanans - telling us that Tim [Sheehy was a rising star in the Republican party](#) (p2)– a complete lie, Tim had done nothing. But he fit the mold so this group – proceeding with Democrat-like-tactics, set out to crown Tim king and Senate candidate.

A Call to Montanans to Live Not by Lies:

Looking closer at Step Two: But they had huge problem, how to get rid of the very popular Congressman Matt Rosendale? Oh, I know, **Joe-Six Pack Republican** bought the Establishment lie that Rosendale was too extreme. Legislature friends of mine said he was too harsh for them. The truth is that he was one of the few that said – NO, STOP the spending, the buck stops with congress. And, I don't care how many times Fox News has Kevin McCarthy back on now, he is a scoundrel and we needed to get rid of him. **Rosendale** and about seven others Congressmen **paid a dear price** to get rid of him, but that's what STATESMEN do! And the MEDIA and this CABAL howled like wounded wolves about it. Matt was clearly, the only D.C. representative that came close to being principled and conservative. Unlike the rest of the Montana delegation to D.C., Rosendale was serious about stopping the spending and opposing the Establishment in D.C. So, in vintage-Democrat-dirtball-style, **they took him out!**

[Daines threatened that he would spend \\$20M](#) (at 30 min.) to defeat Matt if he ran for Senate. Five rumors were invented (most traceable back to Helena) to destroy Rosendale. Then they threatened Matt - then his family -finally his grandkids. **Take your head out of the bucket Montana, they dumped Rosendale and it was stealthily-orchestrated.** Think that was the Democrats that started the rumors? Can't prove it but I don't think so. Then, it was not a huge hurdle to get Donald Trump to endorse Tim Sheehy. Keep in mind that Daines is very close to Trump. **Bottom line, what they did to Olszewski and Rosendale will become "the new standard" because WE THE PEOPLE... said NOTHING!**

Allow me to digress for a moment. You have just seen (07/12/24) that Trump and company are also about power – in Daines-Ish style. To hell with "*you the people*", we will tell you how it is going to be. In the Washington Stand article, [Picking up The Pieces After Lifeless Platform](#), we see the Trump campaign orchestrating the national Republican Platform **without any input or vote** from the delegates. Their agenda? To **water-down the 40-year-old Pro-Life position** of the Republican Party. And trust me, same-sex marriage and the favor for the LGBTQ+ crowd will follow - as Kelly Ann Conway crowed on Fox News. **Our prayer should be** that the effect of the assassination attempt on Trump will cause him to be humbler, more principled, and investigate for HIMSELF, before trusting his surrogates to indorse candidates and policies. Case in point, did you see how [Trump was disappointed the Governor Doug Burgum of North Dakota](#) signed a "near-total abortion ban

Pro-Life bill into law in ND?” If trump would do his own thinking – he would realize that Burgum was taking a STATE in their desired direction. As Burgum said on national television, the North Dakota bill is a state’s issue.

An angry Republican mob got on the Trump Train and here we are, so excited that he has a single-point edge over a demonically controlled buffoon. We need to town-down the rhetoric and pray that Trump will become a better leader and wins this election.

Returning to my theme of Live Not by Lies, the Elitists had found their man and their companion Don K (Kaltschmidt) the Chair of the GOP was willing to go along with this plot. Tim had done nothing in the party, was an unknown, and had held no office. Tim has not disappointed, even telling me [that he owed me no explanations](#) for his former endorsement of Climate Change, DEI, and ESG.

Repeatedly calling me a liar in an email. While at the Republican convention in Billings, a **board member of the Republican Party** approached him and ask if they could talk. Sheehy told the man **“He was the most arrogant, condescending man he knew”** turned and walked away. Tim’s ego doesn’t belong on a school board, much less in the U.S. Senate.

Several Republican Central Committees jumped on board to seal the deal. In Yellowstone and Gallatin, the committees denied Sheehy’s primary opponent Brad Johnson ANY time at their Lincoln-Reagan dinners and gladly gave a good chunk of time to Tim.

Meanwhile, we heard of Republican door-walkers distributing literature for Sheehy before the primary. The larger State Republican party board had not endorsed anyone. **How could Republican resources be used to favor one candidate?** Ah, but the small group at the top of the state committee found a loop-hole. Under Rule 11, as I understand it, they could singularly decide to **“support the PRESUMPTIVE NOMINEE”** without the larger committee’s approval. And, with the support of Danielle Bradley, the Executive Director of the Montana GOP (and former Steve Daines employee) they proceeded messaging that this was “normal procedure” and continued to pass out literature at the doors for Sheehy.

It is informative to consider Tim Sheehy’s positions and who he is comfortable with supporting him. **Think about who has come to support his campaign:**

- **Donald Trump Jr.** came to Montana to stump for Tim. Don Jr. is an arrogant man who left his family to live with Kimberly Guilfoyle. [Don Jr. and Kimberly have been living in sin for nearly a half decade](#) – they are not married. This low-life has the respect of nobody except Fox News and the Montana Cabal who love to hunt with him. **How did this PAGAN** get to be the one at the GOP convention to announce Florida’s votes for President Trump?
- **Kimberly Guilfoyle** is an attorney from San Francisco, the former sexy little wife of [Gavin Newsom](#). She was on Fox News until her affair with Don Jr. began. After splitting that family, she worked for the Trump campaign. The best description of these two is TRASHY. **But to the Montana CABEL, ethics means nothing**
- **Tulsi Gabbard**, was **knee deep in radical LEFTIST politics** a short time ago, I have not heard a **PUBLIC renouncement** of this ideology. She is a [Hindu](#), a Democrat Congresswomen for eight years from Hawaii. She was Vice Chair of the Democratic National Committee, but stepped down to support **Burnie Sanders** for President in 2016. She ran for President in 2020 and then endorsed Joe Biden. In 2017, she introduced the *Off Fossil Fuels Act* which sought to justify transitioning **away from fossil fuels**. She left the Democratic Party to become an **Independent**. She is in the National Guard and is a Hawk, **probably the reason Zinke, Sheehy, and Flint love her**. I don’t care how many times she is on Fox News, **she has work to do to be considered a conservative or a Republican** in my book.

With this help and the endorsement of the Establishment in Montana – Daines, Gianforte, Zinke, the Media, and others – and the apathetic ignorance of the Montana voters, Tim coasted to victory in the Primary. Helped along I will add by huge chunks of money from *More Jobs, Less Government*, Steven Daines’ political PAC.

While Sheehy’s television spots brag of how he gave millions to the Bozeman hospital, he stops short of calling himself Pro-Life in the ads. One needs to also ask how much of those millions were used on “Gender Affirming Care” which the Bozeman medical group is also involved in. My point in the above comments is that – like Trump – this 38-year-old new-comer pays no attention to those doing his bidding. But, no surprise, neither do his mentors. **WINNING is what matters, not integrity!**

Oh, did your Representative mention to you that in his talk at the Republican Convention in Billings, he causally **took the Lord's name in vain** and did not correct himself?

Live Not by Lies – are we the people pragmatists or a principled?

If you want a picture well developed, listen to [An Engineered Takedown of the Montana Republican Party](#), Dr. Albert Olszewski to The Patriot Roundtable May 5th in Miles City and listen from 28 minutes for about ten minutes. Bottom line, he talked about the two engineers in the Republican Party – Gianforte and Daines and they are not bashful.

This is a much-needed challenge to Montana Republicans. Are we willing to live by principle or are we going to continue to cave to pragmatism? In this Senate race, we are being told, ***we just gotta get rid of Jon Tester***. But again, I ask, at what cost? ***“I will not vote for a Democrat, but there are going to be several blank boxes on my ballot because I refuse to sell my soul for this Cabel again.”*** Recently, Marco Rubio and Ted Cruz have come out in support of Sheehy who, like Trump, they have hardly even met. At the GOP convention in Billings, Senator John Kennedy from Louisiana - who I actually admire most of the time - spoke endorsingly of Tim Sheehy as **“my friend Tim.”** At what D.C. party did they meet for 5 minutes? **Do you see Daines's fingerprints, again?** The national pressure is, “if Montana doesn't elect a republican, the Dems will hold the Senate.”

My argument is that this is not about Sheehy, it's about **stopping the Establishment's OCCUPATION of Montana**. The establishment are masters at getting us to THINK short instead of long-term strategic.

Recently, Nancy and I watched a documentary on the Third Reich. When people conform, when they stop thinking, when they give way to this kind of leadership – really bad history gets written.

Meanwhile, our honest, honorable Governor Greg was up to his own mischief – arguably with the help of the Republican Solutions Caucus. Ignoring any past precedence, Greg boldly endorsed over 50 legislators – in a primary. It was an odd mixture of some solid conservatives. You can read about the MONEY the [Conservative4mt](#) (there is nothing conservative about them) spent on getting moderate Republicans elected. Interestingly, illuminating both of Austin Knudson's

parents. This is a mixture of out-of-state money and power, the Solutions Caucus, and Greg Gianforte – ever the CEO never the Servant.

You should be asking yourself – it’s not too early – who will these Elitists put up for **governor, for Senate**, etc. Possible candidates that I know are aware that running against Steve Daines would be fruitless. **Because they will Do it again!**

Part 2 – The Vulnerability of a Vision-less Church - The Loss of the Christian Voice:

This is not comfortable for us because – speaking generally – we have put our Christian leaders up on a pedestal of our own making. Now, they rule from that pedestal – unfortunately – answerable to nobody! They know where they are going and nobody is going to tell them what to do. Think I am wrong? Try confronting your pastor about – just one issue – why he REFUSES to teach on abortion? Listen to his response and watch the dance! Listen to the excuses – but MOST important – listen to see if he is treating you as an equal that puts his pants on one leg at a time! If he does, he is a rare exception – follow him.

There is a defining principle that you hear often – if your tuned in at all – from I Chronicles 12:32. Speaking of the tribe of Issachar it says ***“the men of Issachar understood the times they were living in and knew what to do.”*** If you attend an evangelical church the odds are 99 to one that this is a defining problem. The Leadership and the people have no clue of the signs of the times and worse, they could care less. We waddle in and hear the **Filling Station sermon** (Think Ted-Talk – designed to get us through the week) and we waddle out. The music is no longer designed to lead us into worship, it is very entertaining though. But after lunch, we can’t remember anything that was said but we did feel better.

Recently, I accidentally – and perhaps providentially – stumbled onto a TV channel that was hosting a Pride event and discussion. How I wish I could find that LINK. **These key homosexual leaders were discussing the amazing progress they have made** in the last decade or two. Homosexuality was embraced much more readily, same-sex marriage had been completely flipped – their list of achievements went on, just like they told us they would do in 1987 in their Manifesto [*The Overhauling of Straight Americ – a Blueprint of Transforming the Social Values.*](#) They went on for about ten minutes calmly and matter-of-factly outlining the huge progress the homosexual and far LEFT had made. They were not boasting; they were just

telling it like it is. Clearly, even before 1987, they had a **VISION and they understood the times and knew exactly what the Homosexuals should do.**

So, tell me, do the Christians of Montana understand these times and know what to do? Do they even care? Are they defending and standing for truth?

We could ask the questions about homosexuality, same-sex marriage, abortion, religious liberty, cohabitation and twenty other similar cultural issues. Your church is in the 1% minority if these subjects are ever **taught on from the pulpit** on Sunday morning - that place of godly anointing and authority is SILENT.

As we consider the direction of **what we call the church**, the group most of us go to on Sunday – is it standing for truth with a capital T? Where the LGBTQ+ type issues or others mentioned are concerned, it is easy to assume that if your church has **not become “affirming”** that is supportive of same-sex marriage etc., that they are doing well.

WRONG! WHY? When we look at churches like Andy Stanleys in Atlanta that has clearly become “affirming” and pronounce our church safe, there is a larger consideration. **If one evangelical church supports same-sex marriage openly and another opposes it silently what’s the difference?** The outcome to Joe-sixpack Christian is about the same. I maintain that the institutions that theologically or philosophically oppose these cultural issues, but are SILENT on them – they are even more guilty. They would argue that teaching on these things interferes with the preaching of the GOSPEL. Truth is, these churches are hiding behind the gospel as an excuse for their SILENCE.

They have – in reality of fact – become affirming. But they are worse because their leadership fails to understand what Jesus said in Johns 18:17 **“for this reason I was born and for this reason I came into the world – to testify to the truth.”**

People say that **God’s plan A is the church** and He has no plan B. Agreed! But we have to be honest about what the church is and don’t give me that old line, well its actually we the people. Reality is that what we are talking about is a group, and institution of sorts. Scripture talks about how *“the Gates of Hell shall not stand against His church (Math 16:18).”* Problem is, **this church is attacking Hell.** The ones we go to are Fortresses, sanctuaries for safety not Forces attacking evil. So,

now, in reality we are talking about a very small Remnant that is that church that shall stand against the gates of hell.

Most of the leadership in these so-called churches are not shepherds they are Hirelings – *“he who is NOT the shepherd (John 10:12-13) will leave the sheep when the wolf comes.”* The term "hireling" is used in both the Old and New Testaments to describe individuals who are motivated by self-interest rather than by a sense of duty or loyalty.

BUT, and it is time for the BUT! But the ones writing the checks and a supporting these false shepherds are even more guilty. Just like with the political issues they know better, but are unwilling to pay the price to say NO, count me out! They are enablers.

CI-128, the ballot initiative to put all forms of abortion into the Montana constitution is a perfect, but pathetic example. We had to argue and convince the leadership of these so-called churches to warn the people and take a few minutes.

Excellent opportunity to teach on abortion – from the pulpit – on Sunday morning. **But no** and if you can find a LINK from your church where your leadership taught for 30 to 40 minutes on the one subject of abortion, I would be so encouraged if you would send me a LINK to that teaching.

I have friends in the church that actually think that same-sex marriage is a POLITICAL ISSUE. The TRUTH is that most of the so-called cultural issues are theological issues that are being lied about – in SILENCE – in YOUR Church. **They have come into the political arena** because of the SILENCE of the church.
