

SIX THINGS CI 128 WILL DO (BALLOT ISSUE 14)

Summary - From the Secretary of State's website:

"A constitutional initiative that affirms the right to make and carry out decisions about one's own pregnancy, including the right to abortion, in the Montana Constitution. This constitutional amendment prohibits the government from denying or burdening the right to abortion before fetal viability. Additionally, the amendment ensures that the government cannot deny or burden access to an abortion when it is necessary to protect the pregnant patient's life or health. This constitutional amendment prevents the government from punishing patients, healthcare providers, or anyone who assists someone in seeking reproductive care, including abortion care." - This summary is from the MT SOS's website, www.sosmt.gov
